**POLAND**

---

Poland has a population of 38,5 million people. Poland is a member of an European Union.

You can find everything in here: alpine mountains, wide sandy beaches, clean lakes, deep forests. The climate is temperate, but the people are warm and friendly. In polish cities you can meet both: modernity and world-class historic monuments. And all this comes with a backdrop of breathtaking natural landscapes, because Poland's greatest attraction is nature: wild, untouched, more diverse than in most countries; [See more...](#)

## **WROCLAW**

Wroclaw is the prettiest town in Poland with his population of 700 thousand. Wroclaw is the biggest research and university centre in Poland. Furthermore, we cannot forget that our city has medical academy with many world famous professors, it is a place, where knowledge meets practice, with great results. Wroclaw is located in a triangle between Berlin, Prague and Warsaw. It is rapidly catching the attention of tourists and businessmen alike. City lies by the Odra river and the veritable maze of islands and bridges that make up the city have gained it the title of the "Venice of Poland". To the modern times survived 120 bridges. Over a thousand year of history have left this Silesian jewel with a colourful culture and an atmosphere to match. Wroclaw has lots of cosy cafes, excellent restaurants and charming hotels. Add to that you have to remember, that Wroclaw is very safe place for foreign tourists.
