Our Medical Spa was established by count Schaffgotsch and his medical commission in 1739. Visit Swieradow – the best place to cure your chronic motor, rheumatic, neurological, gynecological, high blood pressure, sclerosis, asthma and urinary system disorders with mineral waters, natural mud compress, fresh air full of healing properties and special therapies made just for You by Medical Spa doctors. Rich natural resources which led to build Medical Spa in Swieradow are: mineral waters full of magnesium, fluorine, iron, natural mud, spruce bark and radon. Swieradow is very quiet place, ideal for mature people, looking for recuperation, rest and quality in beautiful surroundings. Swieradow offers unique, delicate microclimate and beautiful, clean nature – everything, what senior could want!

X

Our Medical Spa offers more than 20 different treatments, for example: aquavibron, 4 chambers baths, radon inhalations and many more! All treatments and your whole stay are lead by doctors of medicine, professional masseurs and nurses. After treatments, you can make some healthy walks through local woods and admire picturesque views, numerous mineral water springs, waterfalls, different shapes of rocks and valleys – all perceived as unique in European scale. We just want to mention, that Swieradow appreciate many seniors from all over Europe, make this place their favourite Medical Spa destination !
